

## **CSN to Hold Ribbon Cutting at Mesquite Center for New Program Labs**

*The college is expanding access to high-demand programs*

Sept. 24, 2024 — CSN's Mesquite Center will celebrate the grand opening of its new Medical Assisting and Air Conditioning Technology program labs from 2-4 p.m. October 1.

A ribbon cutting ceremony will offer an opportunity for community members, prospective students, and industry partners to explore the cutting-edge facilities designed to support hands-on learning and workforce training in these high-demand fields. Light refreshments will be provided, and attendees will have a chance to tour the labs following the ceremony.

CSN Acting President Dr. William Kibler will deliver remarks at the event, emphasizing the importance of expanding educational opportunities in Mesquite and the surrounding areas.

The ribbon cutting will be held at the CSN Mesquite Center located at 140 N. Yucca St., Mesquite, NV. Community members are encouraged to RSVP at [csn.edu/mesquite](https://www.csn.edu/mesquite).
