CSN Announces E-Bike & Scooter Safety Course

November 12, 2025 — CSN is pleased to announce a new course in e-bikes and scooters to inform, encourage and promote road user safety.

The training — developed with the community's vulnerable road users, including youth, their parents and older adults — begins with an engaging and informative self-paced national online course followed by in-person training. CSN Motorcycle Safety Program Coaches will facilitate discussions to reinforce key points, answer questions, provide information on proper fit and selection of safety gear and context about Nevada's road safety laws for ebikes and scooters.

The course is free thanks to a grant provided by the Nevada Office of Traffic Safety. Look for more information on our registration web site csn.augusoft.net with classes starting in late November.

***About CSN:** The College of Southern Nevada empowers our students and communities to achieve, succeed, and prosper. Founded in 1971, CSN is a nationally recognized student success leader specializing in two-year degrees and a select number of bachelor's degrees in specialized fields.
